Christianity and Organ Donation

The Christian faith is based upon the revelation of God in the life of Jesus Christ. Throughout his life Jesus taught people to love one another and he proved his love for the world upon the cross. It seems in keeping with this that Christians consider donation as a genuine act of love and a way of following Jesus' example. This act of love then becomes the part of Christian discipleship or faith journey that is motivated by compassion to help someone else and demonstrates a sense of social responsibility.

Sacrifice and helping others are consistent themes in Christianity, which teaches the principle of seeking for others what you hope others would do for you. Enabling life to be lived as fully as possible is consistent with the teaching of the Son of God, Jesus Christ.

The Lord demonstrated with His own life how, even in sorrow, love enables us to embrace the needs of others. We can choose to donate our organs to save the lives of many people. The decision to donate at the end of life is the beginning of healing for many others.

Healing and saving life is a great gift. Jesus sent his twelve disciples out with the imperative to heal disease and illness. Christians should be encouraged to help others in need.

What Clergy Can Do

An informed clergy can assist parishioners with facts and options about organ, eye and tissue donation.

Education/ Community Outreach Programs

- Place an article in the church bulletin or newsletter about organ, eye & tissue donation
- Conduct a donation presentation for parishioners
- Include education about organ, eye and tissue donation as an objective for your health ministry
- Hold a donor designation day.
- Preach a sermon on donation
- Recognize families of organ, eye and tissue donors and transplant recipients
- Remember donors and donor families with candlelight vigils or other remembrances

Sermon Ideas

Clergy have their own unique way of sermon preparation and delivery. With that understanding and appreciation, the following suggestions are given as ideas.

John 11:25-“I am the resurrection and the life”.

Matthew 10:8 – “Heal the sick...freely you have received, freely give.”

I Corinthians 15:35-58 – *The spiritual body.* Texts to teach about the resurrection, emphasizing that the physical body is transformed into a spiritual body, therefore the gift of organ and tissue donation does not affect the ability of one to be resurrected.

Luke 6:31-38- *Give to others and God will give to you.* This text could be explored as the command to give to others and the various ways that we can give, including organ donation.

Romans 8:28-29- Seeking the good. This scripture could be used to show that in the midst of tragic circumstances of sudden death, God seeks to find good with us. Donation may be one sign of good in an otherwise senseless death.

John 3:16-17- God gave His Son. God gave his son so that we might live in eternal life. We can donate organs when we no longer have need of them so that others may live in this temporary world.

Luke 14:12-14- Giving without reward. In this scripture, we are told to give to those who are in need without thought of reward from them. The need for organ and tissue donation is great.

Revelation 21:4-5 - "In eternity we will neither have nor need our earthly bodies; former things will pass away, all things will be made new."
